In addition to the foregoing statement of the condition of the Taunton Co-operative Association, it is further certified that the Association on the 13th day of July, 1867, suspended its operations in trade, and proceeded to close up its business affairs, which were put into the hands of a committee for that purpose, but have not as yet been entirely concluded.

On the 1st day of November, 1868, the total assets and property

of the Association were:

Cash on hand, \$33 35

The total liabilities and debts due from the Association were, \$602.41.

There is a small amount of debts due the Association, but they are of no appreciable value, and cannot be estimated therefore in the assets and property. These debts amount to \$259.09, as nearly as can be estimated.
